

Unit 1

睡眠是人们恢复体力、提高免疫力、抵抗疾病的重要方式。秋季天气凉爽，有助于人们安眠。因此，在秋季，建议晚上9点睡觉，或在11点前入睡。按中医的说法，秋季属阴。人在子时(晚上11点到凌晨1点)阳气最弱，阴气最足。所以如果你在这个时间段睡觉可以养阴，并拥有优质睡眠。我们通常建议每个人每天至少睡8个小时，体弱者和病人应该适当增加睡眠时间。

Sleep is important for people to restore their **physical strength**, enhance their **immune system** and **ward off diseases**. A good night's sleep can be ensured in the cool autumn. Therefore, in autumn, it is suggested that you go to bed at 9 p.m., or try to fall asleep before 11 p.m. According to traditional Chinese medicine, autumn **represents Yin**. *Yang Qi*, the *Yang* spirit, is **deficient** and *Yin Qi*, the *Yin* spirit, is most **adequate** between 11 p.m. and 1 a.m. So if you sleep at that time, you can nourish *Yin* while having a sound sleep. People are usually recommended to sleep at least 8 hours a day, and those who are physically weak and sick should appropriately increase their sleep time.

Unit 2

七夕是一个有关爱与温暖的传统节日。这个古老的节日又名“乞巧节”“女儿节”“双星节”，继承了中国农耕文化中最温柔与浪漫的那一面。它是婚恋之节。牛郎织女的故事象征的是忠贞与坚守。它是创造之节。“乞巧”的本意便在于创造与创新。2006年，七夕节被国务院列入第一批国家级非物质文化遗产。在浓郁的商业和浪漫氛围渲染之下，七夕正洗去浮华、回归初心，展现传统节日最走心的气质和灵魂。

Qixi Festival is a traditional festival of love and warmth. This **age-old** festival, also known as "Qiqiao Festival," "Girls' Festival" and "Double Star Festival," has inherited the most gentle and romantic aspect of Chinese farming culture. It is the festival of marriage and love. The tale of the Cowherd and the Weaver Girl **symbolizes faithfulness** and **perseverance**. It is the festival of creation. The original meaning of Qiqiao is about creativity and innovation. In 2006, Qixi Festival was listed in the first batch of National Intangible Cultural **Heritage** by the **State Council**. Under the strong **commercial** and romantic atmosphere, Qixi Festival is washing away the glitz and returning to the origin, showing the most heart-warming temperament and soul of the traditional festival.

Unit 3

为学生创造个性化的学习体验是全世界教育者自古以来一直追求的梦想。有了大数据分析的支持，人工智能有望帮助实现这个梦想。基于人工智能的学习系统将为教师提供关于学生学习风格、学习能力、进步情况的有用信息，并提供建议，以使教师能根据学生的个人需求，采用相应的教学方法。理论上来说，人工智能及个性化学习的应用是解决最普遍的教育问题的理想答案。然而，在实践中，要充分发挥该技术的潜力仍然有很长的路要走。

Since ancient times, creating **personalised** learning experiences for students has been a dream pursued by educators across the world. **Artificial intelligence** (AI) is expected to help achieve this dream with the support of big data analysis. AI-based learning systems will be able to

give teachers useful information about students' learning styles, abilities, and progress, and provide suggestions on how to **customize** their teaching methods to students' individual needs. In theory, the **application** of AI and personalized learning is an ideal solution to some of the most common educational issues. However, in practice, the technology still has a long way to go before it can fully meet its **potential**.

Unit 4

体育是提高人民健康水平的重要途径，是满足人民群众对美好生活的向往、促进人的全面发展的重要手段。建设体育强国、健康中国，最根本的是增强人民体质、保障人民健康。这是全面建设社会主义现代化国家的一个重要方面。中国政府大力建设群众身边的体育场地设施，促进全民健身蔚然成风。

Sport is an important way to improve people's health, and an important method to **fulfill** their **aspirations** for a better life and **promote well-rounded** human development. The **ultimate goal** of building a **sporting powerhouse** and a healthy China is to strengthen the people's **fitness**, which also forms an essential part of China's **endeavor** to build a modern socialist country in an **all-round** manner. The Chinese government is making significant efforts in the construction of sports venues and facilities in close proximity to the general public, thereby promoting a prevailing trend of **nationwide fitness**.

Unit 5

2021 年，中国开放旅游景区约 2000 个。其中许多景点是为了纪念中国共产党成立 100 周年而设，对中国共产党来说意义重大。红色旅游正成为越来越多人的选择。旅游网站显示，红色旅游的搜索热度较去年同期增加了 1.5 倍。京津冀红色旅游区的搜索热度增长最多，是去年的 2.5 倍。参与调查者中，41.7% 的游客今年参加了 3 次红色旅游，是往年的 3 倍。40% 以上的游客经常自发选择到红色景区参观学习。

In 2021, about 2,000 **tourist sites** in China were open to the public. Many of these sites are set up to mark the 100th anniversary of the founding of the Communist Party of China, and are of great significance to the Party. **Red tourism** is becoming an increasingly popular choice for travelers. Travel websites show that the number of searches for "red tourism" has risen by 1.5 times compared with the same period last year. Red tourist destinations in north China's Beijing-Tianjin-Hebei region have grown in **search popularity** at the quickest rate nationwide, with the number of searches exceeding 1.5 times than that of last year. Some 41.7 percent of **respondents** to a survey said they visited red tourist sites three times this year, which is 3 times over that of the previous years. Over 40 percent of them went to such places frequently and **voluntarily** for **sightseeing** and knowledge.

Unit 6

把传统媒体和新兴媒体的关系说成是取代关系是不准确的。没有谁主谁次、谁优谁次的问题，它们优势互补。我国的媒体融合发展潜质的整体优势还没有充分发挥出来。要坚持一体化发展方向。通过流程优化、平台再造，实现新旧多种媒体资源有效整合，实现信息内容、技术应用、平台终端等共融互通，激发融合质变，放大一体效能，打造一批具有强大影响力、竞争力的新型主流媒体。

It is **inaccurate** to say that traditional and new media **supplant** each other. They **supplement** and promote each other without the question of one being primary and **optimal** and the other being secondary and suboptimal. To date, China has yet to tap the **potential** of media **integration**, a goal we need to keep moving toward. By optimizing the process and building new platforms, we aim to achieve **effective** integration of various media resources, both traditional and new, in terms of content, technology **applications**, platforms and terminals, etc. We need to **trigger** qualitative changes, amplify overall **efficacy**, and create new types of mainstream media that are more influential and competitive.
